

DV License Plates Revised Form

New Form

The Medical Statement for Service-Connected Disabled Veterans has been revised, the new revision date is (5/09).

Information

The California Department of Veterans Affairs (CDVA) has revised their service-connected disability medical statement form. This form is used to verify a veteran's eligibility for fee waiver when applying for disabled veteran license plate(s). The CDVA physician, surgeon, optometrist, or chiropractor must complete and sign the form. This revised form has a revision date of 5/09, and as of July 15, 2009, is the only documentation issued by the CDVA to verify service connected fee waiver eligibility.

Previous revisions of the medical eligibility statement form signed by a qualifying agent of the CDVA prior to July 15, 2009 are acceptable.

Background

A disabled veteran is exempt from the payment of all vehicle license and registration fees, except fees for duplicates, for one passenger motor vehicle, motorcycle, or commercial motor vehicle weighing less than 8,001 lbs. unladen that is owned by a disabled veteran and displays DV license plate(s). The veteran must submit a United States Department of Veterans Administration form documenting a service-connected disability.

Distribution

Notification that this memo is available online at www.dmv.ca.gov under Publications was made via e-mail alert in August 2009.

Contact

Call the DMV Customer Communications Section, at (916) 657-6560 for further clarification of this memo. Upon request, this document can be produced in Braille or large print.
